Kumamoto University and Tohoku University Public lecture
Let's reflect and learn together!

October 8 (SAT), 2016 Kumamoto University School of Pharmacy

Pre-lecture to enjoy lectures ten times	12:00 – 12:50 School of Pharmacy	Lecture room 1
Lectures	13:00 – 16:00 School of Pharmacy	Multi-purpose hall
Exhibitions and participation session	12:00 – 18:00 School of Pharmacy	Miyamoto Memorial Hall

Organized by: Program for Leading Graduate Schools, Kumamoto University HIGO Program
"Health Life science: Interdisciplinary and Glocal Oriented"

Program for Leading Graduate Schools, Tohoku University G-Safety Program
"Inter-Graduate School Doctoral Degree Program on Science for Global Safety"

Co-organized by: International Research Institute of Disaster Science, Tohoku University (IRIDeS), Tohoku University

The Implementation Research and Education System Center for Reducing Disaster Risk,
Graduate School of Science of Technology, Kumamoto University

EISEI-BUNKO Research Center, Kumamoto University

Kumamoto Earthquake Revitalization Project Foundation, Kumamoto University

Supported by: Kumamoto Daily News

Contact: Kumamoto University
Program for Leading Graduate Schools, HIGO Office
Address: Kumamoto University, 1-1-1, Honjo, Chuo-ku,
Kumamoto 860-8556

October 8 (SAT), 2016

**Kumamoto University
School of Pharmacy**

Six months after
Kumamoto earthquakes
and five years after
Tohoku earthquake

Kumamoto University
and
Tohoku University

Public lecture

**Let's reflect
and
learn together!**

Miyamoto Memorial Hall

12:00 – 18:00

(you can join at any time)

Exhibitions and participation sessions

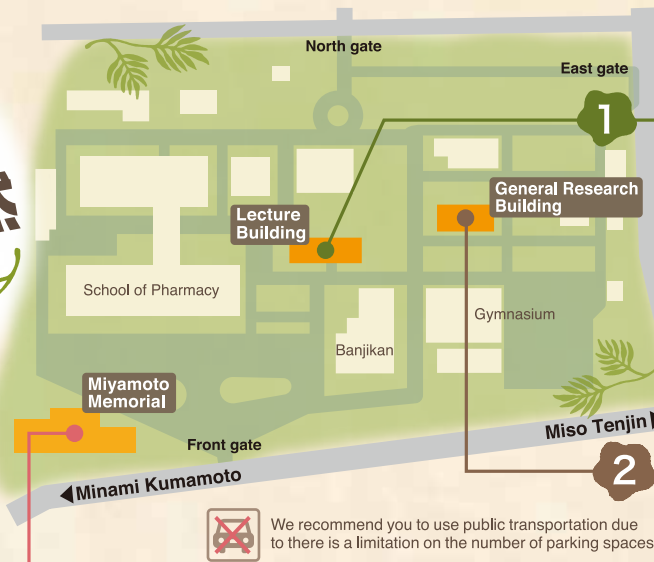

※Each game will take about 10-15minutes

Kumamoto University HIGO Program

Staying close beside local people,
doctoral students of medical and
pharmaceutical sciences will consider
how they can contribute to the recovery
in Kumamoto and make suggestions.

Tohoku University G-Safety Program

Since the Tohoku earthquake and
tsunami in 2011, the program has
engaged in field survey of damaged
areas and raising awareness of disaster
prevention and safety for citizens.

We recommend you to use public transportation due
to there is a limitation on the number of parking spaces.

Lecture room 1

(Lecture Building-1st Floor)

12:00 – 12:50

Pre-lecture to enjoy lectures ten times

**Video of Kumamoto Castle before
the earthquakes. Strengthen the will
to recover from the disaster anew.**

Commentator: Professor Tsuguharu Inaba
Director of EISEI-BUNKO Research Center, Kumamoto University

Multi-purpose hall

(General Research Building-2nd Floor)

13:00 – 16:00

Lectures

(simultaneous English translation available)

**① Mechanism of the Kumamoto earthquake and lessons toward improving
earthquake hazard assessment**

Shinji Toda (Professor of International Research Institute of Disaster Science/G-Safety, Tohoku University)

**② Activity of Tohoku University hospital DMAT (Disaster Medical Assistance Team)
for the 2016 Kumamoto earthquake**

Hiroyuki Sasaki (Assistant Professor of International Research Institute of Disaster Science/Tohoku University Hospital, Tohoku University)

**③ A history of Kumamoto Castle's earthquake disasters
– Learn from the past to make “from now on” history**

Tsuguharu Inaba (Professor and Director of EISEI-BUNKO Research Center, Faculty of Letters, Kumamoto University)

**④ Earthquake experience and mental attitude over experience towards the reconstruction
– transfer of the experiences as a lesson**

Fumihiko Imamura

(Professor and Director of International Research Institute of Disaster Science/G-Safety, Unit leader of Creating Safety and Security, Tohoku University)

⑤ Why can't we cope with disasters properly?

– Examination from the pattern of behavior and decision-making

Toshio Fujimi (Associate Professor of the Implementation Research and Education System Center for Reducing Disaster Risk,
Graduate School of Science of Technology, Kumamoto University)

3

**Let's make use of know-hows two
universities have developed.**

Lectures

Lectures given in multipurpose hall will
be simulcast live in Miyamoto Memorial
Hall. We welcome parents and children
to join the lectures together.

Exhibition

- Do you know Kumamoto University is designated as evacuation shelter?
- How did foreign students conceive Kumamoto earthquakes?
- How did Government cope with disasters?
Internship reports of Kumamoto Daily News and Nepal
Connect Kumamoto and Kathmandu that had large
earthquakes to get tips for recovery.

**● Disaster Mitigation Action Card Game produced by G-Safety
Let's imagine and share how we should manage disaster!**

Those over the age of primary school child are preferable for
participation. And those who consider disaster prevention education
are also welcome to join.

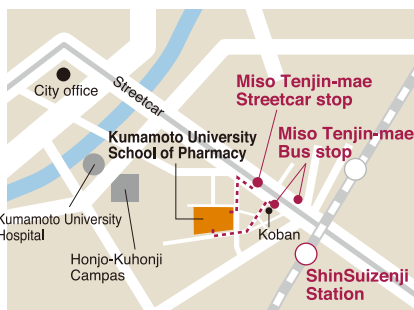

**● Disaster Risk Reduction Quiz (Familiar natural disaster series)
Let's answer the quiz with clicker. Guess how many will choose
the same answer with you. Let's share the results to learn about
disaster prevention!**

Those over the age of primary school child are preferable for participation.

**Participation
sessions**

Kumamoto University School of Pharmacy (5-1 Oe-honmachi, Chuo-ku, Kumamoto City)

[From Kotsu center] (Kumamoto Bus terminal)

(Bus) Take a bus for Shinhoka, Omine, Kyojuka, Obiyama, Kumamoto
prefectural government, get off at “Miso Tenjin-mae” and 5-minute walk.

(Shiden/Streetcar) Take a streetcar for Kengun-machi, get off at
“Miso Tenjin-mae” and 5-minute walk.

(Taxi) 10 minutes

[From JR Kumamoto Station]

(Bus) Take a bus for Kengun-machi, get off at “Miso Tenjin-mae” and
5-minute walk.

(Shiden/Streetcar) Take a streetcar for Kengun-machi, take off at
